It appears from yesterday (and perhaps your comments) that there is an issue with messages I send from my iphone where I select "include attachment" when forwarding messages, but the attachment is getting stripped off. That's a problem. I need to check that out with IRM.

Interesting, I've never seen one of these letters. The two recent FOIAs for Michael Bennett, I just sent Ivry an estimate so that theory is not practiced – those FOIAs are pretty recent. I often do not get the proper attachments when I get a FOIA, this is not the first time.

This letter has been attached to FOIA requests from Ivry since at least last Summer. I guess all of your FOIA assignments were older. I thought Ivry signed the AOP letters, but I'm not positive. Let me know what she says about who signs.

Hi David and Linda,

I've just telephoned Ivry and left a message. I have never before seen the attached template letter to be written to accompany an AOP cost estimate. There is no guidance as to who signs this letter, and it seems to represent yet another change in the moving target of how we respond to FOIA requests. Please note I will prepare the AOP estimate and await further clarification as to why we have never before prepared such a letter to accompany the AOP estimate, and further, who is to sign this letter. Thanks.
